

SUSTAINABILITY POLICY

European Convention Center Luxembourg

Our commitment

The European Convention Center Luxembourg (ECCL), Luxembourg's only purpose-built convention centre and managed by Luxembourg Congrès S.A., hosts congresses, conferences, meetings and professional events in the heart of the European district of Kirchberg.

Aware of the environmental and social challenges associated with our activities, we seek to integrate sustainability principles into our day-to-day operations and into the way we host events.

Our approach is based on concrete actions, the involvement of our teams and partners, and a commitment to continuous improvement.

Luxembourg Congrès S.A. ensures compliance with applicable legal and regulatory requirements and seeks, within the scope of its activities and capabilities, to reduce its environmental impact and contribute positively to its economic and social environment.

Our main areas of focus

At the ECCL, we focus on:

Energy and resources

- Optimising our energy and water consumption
- Promoting the responsible use of resources

Waste and consumables

- Limiting waste generation wherever possible
- Promoting waste reduction, sorting, reuse and recycling
- Reducing the use of certain consumables in the ECCL's day-to-day operations

Mobility and accessibility

- Encouraging our employees, clients and visitors to use public transport and more sustainable modes of transport
- Highlighting the ECCL's excellent public transport connections, which are free of charge throughout Luxembourg
- Ensuring the accessibility of our spaces and welcoming people with specific needs

Sustainable purchasing

- Integrating environmental and social considerations into our purchasing practices whenever possible
- Giving preference, whenever possible, to local suppliers and service providers that incorporate responsible practices
- Favouring organic, eco-labelled, fair-trade, local and/or seasonal products whenever possible

Catering

In collaboration with our catering partner:

- Favouring local and seasonal products whenever possible
- Offering vegetarian alternatives
- Paying particular attention to quantity planning in order to help reduce food waste
- Giving preference to reusable tableware and equipment in order to limit the use of single-use products

Awareness and responsible events

Sustainability is a collective effort involving our teams, partners, suppliers, organisers and participants. In particular, we seek to:

- Raise awareness among our employees of environmental and social issues
- Encourage our clients, suppliers and partners to adopt and share good practices
- Support organisers wishing to integrate more sustainable practices into their events
- Provide them with our **Guide to Organising a Sustainable Event at the ECCL**
- Support organisers, where requested, in working towards **Green Business Events** recognition

Social responsibility

Luxembourg Congrès S.A. seeks to foster a positive, fair, safe and inclusive working environment and to comply with applicable laws and conventions.

In this context, Luxembourg Congrès S.A.:

- Respects the fundamental rights and dignity of every individual
- Does not tolerate any form of discrimination or harassment
- Condemns the exploitation of children and adolescents, sexual exploitation, human trafficking and modern slavery
- Respects the privacy of its employees, partners and clients and complies with applicable data protection requirements
- Takes into consideration the impact of its activities on its environment and the communities with which it interacts
- Supports, whenever possible, initiatives and organisations with a social or environmental purpose

A recognised approach

Our sustainability approach is also reflected in external initiatives and recognitions:

- [Green Key](#) – The ECCL is Green Key certified, an international environmental certification programme designed notably for tourism establishments and conference centres. This certification recognises the actions and practices implemented across various areas of sustainable management and forms part of our continuous improvement approach.
- [IMS Luxembourg – Inspiring More Sustainability](#) – Luxembourg Congrès S.A. is a member of the IMS Luxembourg network. This membership enables us to take part in a collective approach, exchange good practices and further develop our thinking on sustainability issues.
- [Green Business Events](#) – The ECCL supports organisers wishing to align their event with this initiative launched by the Directorate-General for Tourism of the Luxembourg Ministry of the Economy.
- [EureWelcome](#) – The ECCL is EureWelcome certified, reflecting the attention we pay to the accessibility of our spaces and to welcoming people with specific needs.

This policy provides the general framework for our sustainability approach. It is intended to evolve in line with our activities, applicable regulations and the challenges faced by the ECCL.
